

Global Services Agreement

1. Agreement documents

This Global Services Agreement, the Service Schedule(s) and Customer's Service Order(s) set out the terms and conditions that apply to Customer's access to and use of the Services and forms an agreement between Megaport (USA), Inc. (**Megaport**) and Customer (this **Agreement**).

2. Account

- (a) To access the Services, Customer must create a Megaportal account and provide a valid email address.
- (b) Megaport may assume that any request in relation to the Services Megaport receives from Customer, its agents or employees, from the premises where the Service is being supplied or accessed or from Customer's Megaportal account is authorised by Customer. Customer must notify Megaport in writing immediately if Customer believes that there has been unauthorised use of the Services or its account or if its account information is lost or stolen.

3. Ordering Services

- (a) By submitting a Service Order to Megaport:
 - (i) Customer warrants that the information Customer provides to Megaport in a Service Order is true and correct and that Megaport may rely upon it; and
 - (ii) Customer is making a binding offer to acquire the Services described in the Service Order on the terms set out in this Agreement, which Megaport may accept at its discretion. An agreement to supply a Service is formed on the date Megaport provisions that Service and charges apply from the Billing Commencement Date.
- (b) Megaport may appoint an agent to act for it in relation to Customer's Service Order and if it does so, may pay the agent a commission.

4. Affiliates

- (a) Customer and its Affiliates may order Services from Megaport in various countries by submitting a Service Order. Each Service Order will form a separate agreement to purchase the relevant Services subject to the terms of this Agreement. Customer will be the customer of record for all Services provided under this Agreement and, together with any ordering Customer Affiliate, will be jointly and severally liable for all obligations set out in this Agreement, notwithstanding that the Service Order may be submitted by a Customer Affiliate or that the invoices for a Service may be sent to a Customer Affiliate. If Megaport (or a Megaport Affiliate) accepts a Service Order from a Customer Affiliate, then references in this Agreement to Customer will be read as references to Customer and the relevant Customer Affiliate.
- (b) If a Service Order requires the provision of Services in a jurisdiction other than a jurisdiction where Megaport operates, a Megaport Affiliate may provide those Services and Megaport acts as the agent for the Megaport Affiliate in that jurisdiction. If a Megaport Affiliate accepts a Service Order, the Megaport Affiliate will be solely liable for that Service Order and references in this Agreement to Megaport will be read as references to that Megaport Affiliate.
- (c) If the Services are to be provided in a jurisdiction where, in order for the Service Order to be enforceable or consistent with local law or operational practice, additional terms must be added to this Agreement or existing terms amended, those additional or amended terms will be set out in the addendum to this Agreement.
- (d) In this Agreement, indemnities and limitations and exclusions of liability in favour of a party are to be construed as indemnities, limitations and exclusions in favour of each of that party's Affiliates.

5. Credit and security

- (a) From time to time during the term of this Agreement, Customer authorises Megaport to assess Customer's creditworthiness and to communicate with credit reporting agencies about Customer's credit status. Megaport may give these agencies information that Customer has provided to Megaport.
- (b) Megaport may require Customer to lodge some form of security as a condition of providing Services to Customer, which Megaport may use to recover amounts Customer owes Megaport or to compensate Megaport for any Loss Megaport suffers as a result of Customer's breach of this Agreement. Megaport may also set a credit limit or restrict Customer's use of the Services to limit Megaport's financial exposure. If Customer exceeds its credit limit, Megaport may restrict Customer's ability to order new Services and/or require payment from Customer.

6. Services

- (a) Whenever Megaport agrees to provide Customer with a Service, Megaport will use its reasonable endeavours to begin providing the Service within a reasonable timeframe or by any requested delivery date set out in the relevant Service Order.
- (b) If a Service Schedule sets out service levels for a Service then Megaport will use its reasonable endeavours to provide that Service in accordance with those service levels. If Megaport fails to meet a service level, Customer's remedy (if any) will be set out in the Service Schedule, and this will be Customer's only remedy in relation to that failure.
- (c) Megaport may replace or vary an existing Service at any time provided that the variation does not result in any material deterioration in the quality of the Service.
- (d) Megaport may intercept data that is transmitted using the Service in order to comply with its legal obligations. Megaport may investigate any misuse of the Service by Customer, including in conjunction with law enforcement agencies.

7. Customer responsibilities

- (a) Customer must:
 - (i) establish and maintain all cabling at third party sites (including all cross-connects) from the Service demarcation point to Customer's own equipment and comply with any requirements of the third party site provider in relation to that cabling;
 - (ii) supply and configure Customer's own compatible equipment to connect to the Services;
 - (iii) follow Megaport's operational procedures, technical specifications and other reasonable directions provided by Megaport in relation to the Service; and
 - (iv) ensure that Customer does not (and its agents, contractors and third party suppliers do not) damage any equipment, network or sites Megaport uses to provide the Services.
- (b) When Customer uses a Service, Customer must:
 - (i) comply with all applicable laws, regulations and codes of conduct;
 - (ii) comply with its Acceptable Use Policy;
 - (iii) comply with Megaport's reasonable directions concerning Customer's use of the Service;
 - (iv) use the Service for business purposes only and not resell or resupply the Service unless Megaport agree in writing;
 - (v) be responsible for all information and data transmitted or accessed using the Service; and
 - (vi) be responsible for any of its agents, employees, contractors or other service providers who have access to the Service.

- (c) Customer is responsible for implementing and maintaining the security of its Megaportal account, devices and network. Customer must pay all charges in connection with the usage of a Service, even if that usage was not authorised by Customer, unless that usage was caused by Megaport's mistake.
- (d) Customer indemnifies Megaport and will keep Megaport indemnified for any Loss suffered or incurred by Megaport due to a breach of this Agreement by Customer. This indemnity is not limited by clause 10 but is reduced to the extent that the Loss is caused by its negligence.

8. Charges and payment

- (a) Charges for the Services will be specified on Customer's Service Order, or if not specified, as set out in Customer's Megaportal account.
- (b) Megaport will issue clear and accurate invoices monthly. Megaport will notify Customer by email when an invoice is available in Customer's Megaportal account. All charges will be invoiced and must be paid in the currency specified on the relevant Service Order.
- (c) Customer may apply for an account with Megaport. If Megaport accepts Customer's application, Customer must arrange to pay all invoices within thirty (30) days of the invoice date using one of the payment methods listed on the invoice. Otherwise, Customer may register to pay charges as a recurring card transaction (and if Megaport rejects Customer's application for an account with Megaport, this is the only payment method available to Customer). Megaport will determine how payments will be applied against outstanding invoices. Service fees and charges may apply to some payment methods.
- (d) If Customer does not pay an invoice in full by the due date then, in addition to any other rights Megaport has under this Agreement, Megaport may charge Customer a default fee on the unpaid amount on a daily basis from the due date until payment is made at the rate of three per cent (3%) per annum above the prevailing base rate charged by its current bank.
- (e) If Customer considers in good faith there has been a mistake in any invoice, Customer must notify Megaport within ninety (90) days after the relevant invoice date with full details. Customer will not be liable to pay for Services that it has not agreed to receive. Megaport will investigate Customer's claim and suspend its collection processes until the claim has been resolved. If Megaport has made a mistake, it will reimburse Customer as soon as practicable.
- (f) Megaport may vary the charges at any time:
 - (i) on thirty (30) days' notice, at any time if Megaport provides a Service to Customer that does not have a Minimum Term;
 - (ii) on thirty (30) days' notice, if Megaport continues to provide a Service to Customer after the Minimum Term of that Service has expired; or
 - (iii) on reasonable notice if there is an increase or decrease in the amount that Megaport must pay its suppliers in providing a Service to Customer.
- (g) All charges for the Services are exclusive of applicable Taxes and Regulatory Fees. Megaport is entitled to add to the amount otherwise payable an additional amount for the applicable Taxes and Regulatory Fees.
- (h) If Customer is required by law to deduct or withhold Taxes from a payment to Megaport, then Customer may make those deductions or withholdings (or both). However, Customer must provide Megaport with a receipt for each payment and Megaport will increase Customer's payment amount by the amount necessary to ensure that Megaport receives the full amount that Megaport would have received if no deduction or withholding had been made.

9. Service Suspension

- (a) Megaport may temporarily suspend or restrict Customer's Services:
 - (i) if Customer does not pay an invoice within thirty (30) days after receiving notice from Megaport that payment is overdue;

- (ii) if Customer fails to comply with the Acceptable Use Policy;
 - (iii) if Megaport believes it is necessary to do so to comply with any law or an order of any government or regulatory body;
 - (iv) if Megaport believes it is necessary to do so to protect any person, equipment, network or to attend to any emergency; or
 - (v) where there are technical problems with the Service or where Megaport is maintaining or repairing the network.
- (b) If Megaport suspends or restricts a Service, Megaport will only continue to charge Customer for the Service if the suspension or restriction is due to Customer's failure to comply with this Agreement or the Acceptable Use Policy.

10. Liability

- (a) To the extent permitted by law, Megaport excludes all statutory or implied conditions or warranties. Megaport does not warrant that the Services will be continuous, error-free or secure. Megaport's liability for non-excludable conditions and warranties is limited (where it can be limited) to:
- (i) supplying the Services again; or
 - (ii) paying Customer the cost of having the Services supplied again.
- (b) To the extent permitted by law, each party's total liability in respect of all claims in connection with this Agreement (whether in contract, negligence or any other tort, under any statute or otherwise) will be the sum of the charges paid or payable by Customer under this Agreement in the 12 month period preceding the date of the event that gave rise to the claim. This limitation of liability does not apply in respect of indemnity obligations or obligation to pay charges under this Agreement.
- (c) Except for Customer's obligation to pay charges under clause 8, neither party will be liable to the other (under the law of contract, tort, equity or otherwise) for:
- (i) any damages of any kind arising out of or in connection with this Agreement that are indirect or consequential;
 - (ii) any loss or corruption of any data, interruption to business, loss of revenue, loss of sale, loss of profits, loss of business or any other economic loss or any loss of goodwill; or
 - (iii) any failure to perform this Agreement if that failure is caused by an event which is an Intervening Event.

11. Intellectual Property

- (a) This Agreement does not transfer any of Megaport's Intellectual Property to Customer, or any of Customer's Intellectual Property to Megaport.
- (b) If any improvements or changes are made by anyone to the Services during the time Megaport is providing the Services, Megaport will own the Intellectual Property in those improvements or changes and Customer must do all things reasonably within its power to assign to Megaport all Intellectual Property in such improvements or changes.
- (c) Customer consents to Megaport listing Customer as a customer on Megaport's websites and to otherwise referring to Customer as a customer in Megaport's advertising material and marketing collateral.

12. Personal Information

- (a) As part of the registration process, or in connection with providing Services to Customer, Megaport may collect Personal Information from Customer. Megaport will use its best endeavours to handle Customer's Personal Information in accordance with the Privacy Policy.
- (b) Customer agrees that Megaport may collect and disclose Customer's Personal Information from or to:

- (i) any third party supplier for the purpose of providing the Services;
 - (ii) credit providers or credit reporting agencies for the purpose of ongoing credit management of Customer's account;
 - (iii) law enforcement agencies to assist them with criminal prosecution or crime prevention activities; and
 - (iv) otherwise in accordance with the Privacy Policy.
- (c) Each party agrees to handle Personal Information obtained from the other party in accordance with applicable privacy laws.
- (d) If Megaport has issued IP addresses to Customer in connection with a Service, Customer agrees that on termination of that Service, Customer's right to use those IP addresses also terminates.

13. Confidential Information

- (a) Each party agrees in relation to the Confidential Information of the other party:
- (i) to keep confidential the Confidential Information;
 - (ii) to use the Confidential Information solely for the purposes of the performance of its obligations and the exercise of its rights under this Agreement; and
 - (iii) to disclose the Confidential Information only to those of its (and its Affiliates') directors, employees, agents and advisors who have a need to know (and only to the extent each has a need to know) and who are aware and agree that the Confidential Information must be kept confidential.
- (b) The obligations of confidentiality under 13(a) do not extend to information, which is required by law, or the rules of any securities exchange, to be disclosed and the party required to make the disclosure ensures that information is disclosed only to the extent required.

14. Term and termination

- (a) If a Minimum Term applies to a Service, the Minimum Term will be specified on the relevant Service Order. On the expiry of any Minimum Term, or if no Minimum Term is specified, the Service will continue until terminated by either party in accordance with this Agreement.
- (b) If no Minimum Term applies to a Service, or the Minimum Term has expired, Customer may terminate that Service at any time, but must pay charges for the full charging period in which termination occurs.
- (c) Either party may terminate:
- (i) a Service by written notice if the other party has breached a material term of this Agreement as it relates to that Service and has failed to remedy the breach within thirty (30) days of receipt of notice from the non-defaulting party requiring the breach to be remedied; or
 - (ii) all Services immediately by notice in writing if the other party suffers an Insolvency Event.
- (d) Megaport may terminate a Service on notice to Customer:
- (i) if Megaport reasonably determines that Customer poses an unacceptable credit risk;
 - (ii) if Megaport reasonably believes it needs to do so to comply with any law or any order or request of any government or regulatory body;
 - (iii) if Megaport is unable to continue to supply a Service to Customer for any reason (including due to technical reasons or the termination of any agreement with its suppliers); or
 - (iv) for any reason, by providing Customer with thirty (30) days' prior notice, if no Minimum Term applies to the Service or the Minimum Term has expired.

- (e) If before the end of the Minimum Term, Customer terminates a Service other than under clause 14(c) or Megaport terminates a Service under clause 14(c) or (d)(i), Customer must pay an Early Termination Fee, calculated as the sum of:
 - (i) any discounts or credits (including volume rebates, term discounts and service credits) on the full amount of Megaport's standard charges, provided to Customer under this Agreement; and
 - (ii) an amount equal to fifty per cent (50%) of Customer's average monthly spend (as invoiced in the three (3) months immediately prior to termination) or monthly recurring charge (whichever is greater) on the terminated Service, multiplied by the number of months (or part thereof) between the date of termination and the end of the Minimum Term.
- (f) Customer agrees that the Early Termination Fee is a reasonable estimate of Megaport's likely financial loss if any Service is terminated prior to the end of the Minimum Term.

15. Changes to this Agreement

- (a) Megaport may change the terms of this Agreement at any time where the change will not adversely affect Customer by giving Customer notice.
- (b) Megaport may change the terms of this Agreement (other than the charges) at any time other than in accordance with clause 15(a) by giving Customer fourteen (14) days' prior notice (**Notice Period**). If Customer does not agree with the change, Customer may terminate any affected Services by giving Megaport notice in writing prior to the expiry of the Notice Period. Any Service terminations must take effect within fourteen (14) days after the expiry of the Notice Period. If Customer takes no action during the Notice Period, Customer will be deemed to have accepted the changes.
- (c) Megaport may modify the Megaport API, or may transition to a new API at any time but will use reasonable efforts to maintain backward compatibility where reasonably practicable. Megaport will notify Customer if a modification is likely to adversely affect Customer's ability to use the API.

16. Notices

- (a) Megaport may provide any notices under this Agreement by:
 - (i) posting a notice on Customer's Megaportal account; or
 - (ii) sending an email to the email address associated with Customer's Megaportal account.
- (b) Notices will take effect upon posting to Customer's Megaportal account or upon sending to Customer's email address. Customer is responsible for keeping its email address current.
- (c) Customer may provide notice to terminate under clause 14(a) or (b) using its Megaportal account. Otherwise, Customer must provide notices under this Agreement by personal delivery or registered post to Megaport at 246 Shipley Street, San Francisco, CA 94107 with a copy to notices@megaport.com.

17. General

- (a) Customer may not transfer its rights and responsibilities under this Agreement unless Megaport agrees in writing. Where Megaport reasonably considers there will be no adverse effect on Customer, Megaport may transfer its rights and responsibilities under this Agreement without Customer's consent and without notice.
- (b) Each party submits to the exclusive jurisdiction and venue of the federal or state courts located in New York, New York if any dispute between the parties leads to litigation. Each party consents to personal jurisdiction in the State of New York, and agrees to accept service of process outside the State of New York as if service had been made in the State of New York. In any such litigation, each party hereby waives any right to, and agrees not to seek, a jury trial. Each party further agrees that this waiver and agreement may be specifically enforced.

- (c) This Agreement is governed by the laws of New York. Each Service Order is governed by the jurisdiction in which the relevant Service is provided and Customer and Megaport agree to submit to the non-exclusive jurisdiction of the courts of that jurisdiction.
- (d) If there is any inconsistency between the documents that form this Agreement, the order of precedence will be this Services Agreement, the Service Schedule(s) and then the Service Order(s).
- (e) Customer acknowledges that it has relied on its own judgment to evaluate the suitability of the Services for the purpose for which Customer requires them. Customer does not rely on any statement, representation or promise by Megaport that is not expressly set out in this Agreement.
- (f) No failure, delay or indulgence by either party in exercising any power or right conferred by the Agreement on that party will operate as a waiver of that power or right.
- (g) Megaport may have subcontractors or other agents meet any of its obligations under this Agreement but Megaport will remain liable to Customer for satisfying those obligations.
- (h) If a provision of the Agreement is void, voidable, unenforceable or the invalid part severed, the remainder of this Agreement will not be affected.
- (i) This Agreement may only varied by agreement in writing signed by the parties.
- (j) This Agreement constitutes the entire agreement between the parties as to its subject matter and supersedes all prior representations and agreements in connection with that subject matter.
- (k) Nothing in this Agreement constitutes a relationship of employer and employee, principal and agent, partnership or joint venture between the parties.
- (l) Each party will pay its own costs and expenses in respect of this Agreement and any agreement or document contemplated by this Agreement or required to give effect to it.

18. Dictionary

Acceptable Use Policy means Megaport's acceptable use policy for the Services, a copy of which is available at www.megaport.com/legal.

Affiliate in respect of an entity (the first entity), means another entity that Controls the first entity, that is Controlled by the first entity or that is under common Control with the first entity.

API means application programming interface.

Billing Commencement Date means:

- (a) for a Megaport, the date that is 14 days after the date Megaport provisions the Service, or the date on which Customer first uses the Service, whichever occurs earlier; and
- (b) for any other Service, the date on which Megaport provisions the Service, or the Billing Commencement Date of the associated Megaport, whichever occurs later.

Confidential Information of a party (**Discloser**) means the following information, regardless of its form or whether the other party (**Recipient**) becomes aware of it before or after the date of this Agreement:

- (a) all information treated by the Discloser as confidential, (including but not limited to information regarding strategy, information regarding personnel, and any Intellectual Property or industrial, marketing or commercial information relating to or developed in connection with or in support of the Discloser's business); and
- (b) disclosed by the Discloser to the Recipient or of which the Recipient becomes aware;

except information:

- (i) the Recipient creates (whether alone or jointly with any third person) independently of the Discloser;
- (ii) that is public knowledge (otherwise than as a result of a breach of confidentiality by the Recipient or any other person with an obligation to keep such information confidential); or
- (iii) acquired from a third party entitled to disclose it.

Control means, with respect to a party or entity, the direct or indirect ownership of more than fifty percent (50%) of the voting securities of such party or entity, or the power to direct the management of the party or entity, whether by operation of law, by contract or otherwise.

Customer means the entity entering into this Agreement, by accepting these terms and conditions at portal.megaport.com or by submitting a Service Order.

Early Termination Fee means the early termination charge calculated in accordance with clause 14(e).

Insolvency Event means where an administrator, liquidator, manager and receiver or any other administrator is appointed over the assets or the business of the entity, or the entity enters into any composition or arrangement with its creditors.

Intellectual Property means all industrial and intellectual property rights, including registered or unregistered trademarks, patents, copyright, rights in circuit layouts, trade secrets, confidential know-how and information and any application or right to apply for registration of any of those rights.

Intervening Event means an event or cause which is beyond the reasonable control of the person claiming that an intervening event has occurred including, without limitation, acts or omissions of third party network suppliers, fire, flood, earthquake, elements of nature or acts of God, acts of war, terrorism, riots, civil disorders, rebellions or revolutions, strikes or lockouts, or quarantine restriction.

Loss means all losses, damages, liabilities, claims, costs and expenses (including reasonable attorneys' fees).

Megaportal means Megaport's online customer service interface at portal.megaport.com.

Megaport API means the Megaport application programming interface known as the Megaport RestfulAPI.

Minimum Term means the minimum contract term for which Customer acquires a Service, as set out in the relevant Service Order, and which commences on the Billing Commencement Date.

Personal Information means any information or an opinion, whether true or not, and whether recorded in a material form or not, about an identified individual, or an individual who is reasonably identifiable.

Privacy Policy means Megaport's privacy policy, a copy of which is available at megaport.com/legal.

Regulatory Fees means fees charged to Megaport by any foreign or domestic government or governmental, semi-governmental, administrative, fiscal, regulatory or judicial body, department, commission, authority, tribunal, agency or entity.

Service means the service(s) ordered by Customer and which Megaport agrees to provide to Customer under a Service Order and includes any Services which Customer self-provisions or which Customer uses via the Megaport API.

Service Order means an order that sets out the Services that Customer requests Megaport to provide.

Service Schedule means a schedule under this Agreement that sets out service specific information, terms and service levels (if any) applicable to the supply of a Service.

Taxes means all applicable VAT, GST, consumption tax, use, excise, access, bypass, franchise, regulatory or other similar taxes, fees, charges or surcharges that are imposed on or based on the provision, sale or use of the Services but excluding taxes based on its net income.

19. Interpretation

In this Agreement, the following rules apply unless the context requires otherwise:

- (a) headings are for convenience only and do not affect interpretation;
- (b) the singular includes the plural and conversely;
- (c) a gender includes all genders;
- (d) if a word or phrase is defined, its other grammatical forms have a corresponding meaning;
- (e) a reference to a person, corporation, trust, partnership, unincorporated body or other entity includes any of them;
- (f) a reference to a clause or schedule is a reference to a clause of, or a schedule to, this Agreement;
- (g) a reference to an agreement or document (including a reference to this Agreement) is to the agreement or document as amended, varied, supplemented, novated or replaced, except to the extent prohibited by this Agreement or that other agreement or document;
- (h) a reference to legislation or to a provision of legislation includes a modification or re-enactment of it, a legislative provision substituted for it and a regulation or statutory instrument issued under it;
- (i) a reference to dollars and \$ is a reference to the currency specified in the relevant Service Order; and
- (j) the meaning of general words is not limited by specific examples introduced by "including", "for example" or similar expressions.

Addendum

Singapore

Introduction

Where Customer is acquiring a Service in Singapore, the Services Agreement will be amended to give effect to the terms set out below. To the extent that there is any inconsistency between the terms of this Addendum and the Services Agreement, the terms of this Addendum will apply.

1. Charges and Payment

If Customer has paid an amount on an invoice that Customer later wishes to dispute, Customer must notify Megaport within one (1) year after the relevant invoice date. Megaport will conduct an objective and complete review of Customer's claim and provide a written response within thirty (30) days.

2. Service Suspension and Termination

Megaport's rights to suspend or terminate any Service under the Services Agreement will be exercised subject to the restrictions and prohibitions in the Code of Practice for Competition in the Provision of Telecommunication Services 2012, issued by the Info-communications Development Authority of Singapore, as amended from time to time.

3. End User Service Information

- (a) Megaport may obtain information from Customer as a result of Customer's use of the Services (**Customer Information**). Customer consents to the use of Customer Information by Megaport or any third party who provides services to Megaport in connection with the Services for the purposes of administering, billing, providing and provisioning any Service, market research, marketing and promotional activities, network and service enhancement, security and risk management and to respond to any emergency which threatens any life or property.
- (b) Customer may give its consent to the use of Customer Information for other purposes, or withdraw its consent at any time without charge, by giving Megaport written notice in accordance with the Services Agreement.

4. Disputes

All disputes shall be finally resolved in the following manner:

- (a) by referring the dispute to the Small Claims Tribunal, if the dispute falls within the jurisdiction of that tribunal;
- (b) if the parties agree, by jointly referring the Dispute to arbitration in Singapore in accordance with the Arbitration Rules of the Singapore Arbitration Centre for the time being in force; or
- (c) by referring the Dispute to any court of competent jurisdiction and for this purpose, the parties agree to submit to the jurisdiction of the Courts of the Republic of Singapore.

Service Schedules

Megaport Service Schedule

1. Service Description

A Megaport (the **Service**) is a high-speed Ethernet interface that provides the physical connection Customer needs to access Megaport's other services (such as MegalX or a virtual cross-connect (**VXC**)). Available speed options are 1Gbps, 10Gbps, 40Gbps and 100Gbps.

The Service is available at selected data centres.

2. Service Levels

The Service has a Service Availability Target of 100%.

Service Availability is calculated per Charging Period as Uptime divided by (the number of minutes in the Charging Period less Excused Downtime), expressed as a percentage.

Charging Period means the charging period applicable to Customer's Service, as specified on the Service Order (and if not specified, a monthly Charging Period applies).

Uptime means the number of minutes in the Charging Period where the link state of Customer's Megaport is 'up', rounded to the nearest minute.

Excused Downtime means the number of minutes in the Charging Period, rounded to the nearest minute that the link state of Customer's Megaport is 'down' due to:

- (a) Customer's acts or omissions or the acts or omissions of Customer's agents, contractors or anyone Customer is responsible for;
- (b) the acts or omissions of any third party or a fault on a third party's network;
- (c) any failure, incompatibility or error in the configuration of Customer equipment or cabling (including any cross-connects);
- (d) Megaport suspending the Service in accordance with the Agreement or the Acceptable Use Policy; or
- (e) an Intervening Event.

3. Service credits

If Megaport fails to meet the Service Availability Target in a Charging Period, then subject to the Service credit conditions set out in section 4 of this Service Schedule, Customer will be able to claim a Service credit calculated as:

$$\frac{\text{Downtime}}{\text{Charging Period}} \times \text{Recurring Charge}$$

Where:

Downtime is calculated per Charging Period as the total number of minutes in the Charging Period less (Uptime plus Excused Downtime); and

Recurring Charge means the recurring charge applicable to the applicable Charging Period.

4. Service credit conditions

The following conditions apply to Service credits:

- (a) Service credits apply from the first full Charging Period that the relevant Service is operational;
- (b) where a Service credit is available, the credit is Customer's only remedy in the event of Megaport's failure to meet the Service Availability Target;

- (c) Customer must apply for the Service credit by giving Megaport notice of its claim within thirty (30) calendar days of the end of the Charging Period to which the credit applies;
- (d) the Service credit can only be applied as a credit to Customer's Megaportal account, and cannot be redeemed for cash;
- (e) the maximum Service credit available for each Service in a Charging Period will not exceed one-hundred per cent (100%) of the total Recurring Charges for that Charging Period for that Service; and
- (f) Service credits are not available if Customer has failed to pay charges for the Service when due and payable.

MegalX Service Schedule

1. Service Description

MegalX is a high-speed multilateral peering service, delivered over a Megaport (the **Service**). Service speed may be configured in 1Mbps increments, with a minimum speed of 50Mbps and a maximum speed equal to the port speed of the Megaport.

2. Additional terms

- (a) Customer must have an active Megaport in order to use the Service. If Customer terminates the Megaport associated with its Service, the Service will automatically terminate.
- (b) Customer will be responsible for providing (at its cost):
 - (i) a router which supports BGP-4;
 - (ii) an Autonomous System number (ASN); and
 - (iii) provider-independent IP address space.
- (c) In using the Service, Customer will:
 - (i) ensure that all frames forwarded to the Service:
 - (A) use 0x0800 (IPv4), 0x0806 (ARP) or 0x86dd (IPv6) ethertypes;
 - (B) have the same source MAC address;
 - (C) are unicast only, excluding broadcast ARP packets and multicast ICMP v6 discovery packets;
 - (ii) not forward frames to the Service using the following protocols:
 - (A) proxy ARP;
 - (B) ICMP redirect;
 - (C) link local protocols such as Spanning Tree and CDP; or
 - (D) directed broadcasts;
 - (iii) not 'default route' traffic to a MegalX participant without their consent; and
 - (iv) not advertise any IP addresses Megaport allocates to Customer outside the MegalX peering network.
- (d) Customer acknowledges that each route advertised to the MegalX route server will point to the MegalX participant advertising that route.
- (e) When advertising routes to the MegalX route server, Customer will:
 - (i) ensure that its routing policy conforms with the recommendations (as updated from time to time) of the Internet Engineering Task Force available on <http://www.ietf.org>;
 - (ii) publish a current record of its routing policy on the Internet Routing Registry;

- (iii) not generate unnecessary route flaps, or advertise unnecessarily specific routes;
- (iv) not advertise routes it become aware of as a result of using the Service to third parties (other than Customer's transit customers);
- (v) make available its current technical contact information in the Regional Internet Registries to enable other participants to contact Customer; and
- (vi) only use addresses on interfaces connected to the Service that have been allocated to Customer by Megaport.

VXC Service Schedule

1. Service Description

A VXC is a high-speed point-to-point Ethernet virtual circuit between two Megaports (the **Service**). Service speed may be configured in 1Mbps increments, with a maximum speed equal to the speed of the slowest Megaport connected to the VXC.

2. Additional terms

- (a) Customer must have one or more active Megaports in order to use a Service.
- (b) When Customer orders a Service, Customer will order it between a Megaport owned by Customer (the A-End) and another Megaport (the B-End). The B-End may be owned by Customer or owned by a third party. Where Customer orders a Service connected to a B-End owned by a third party, Customer acknowledges that Megaport cannot activate that Service until it has received the B-End owner's consent.
- (c) Customer acknowledges that if it terminates any Megaport associated with the Service, the Service will automatically terminate.
- (d) Customer acknowledges that if a third party B-End owner terminates a B-End associated with the Service, the Service will automatically terminate. Megaport will not be liable for the termination of the Service, but will refund any charges Customer has pre-paid for the terminated Service.
- (e) Customer may burst the bandwidth of the Service at any time using its Megaportal account or a Service Order. Customer agrees to pay the charges specified in Megaportal or the Service Order for the selected burst when Customer adds the burst to its account.

3. Service Levels

The Service has a Service Availability Target of 100%.

Service Availability is calculated per Charging Period as Uptime divided by (the number of minutes in the Charging Period less Excused Downtime), expressed as a percentage.

Charging Period means the charging period applicable to Customer's Service, as specified on the Service Order (and if not specified, a monthly Charging Period applies).

Uptime means the number of minutes in the Service Period where the Service is Available (as defined below), rounded to the nearest minute. Each Service traverses a single Label Switched Path (as defined by ITU-T Recommendation Y.1561 (05/2004))(LSP) through Megaport's network, and the availability of a Service is measured by the availability of that LSP.

A Service will be considered available when the LSP meets or exceeds all of the service targets below for three consecutive five-minute intervals, in which case the time of availability will start from the first of these intervals (**Available**). A Service will continue to be considered Available until the LSP fails to meet one or more of the service targets below for three consecutive five-minute intervals, in which case the time of unavailability will start from the first of these intervals (**Unavailable**). A Service will continue to be considered Unavailable until it is Available again. Availability is measured by reference to ITU-T Recommendation Y. 1561 (05/2004).

Service Target	Value
Packet Error Ratio (PER)	<0.1%
Packet Loss Ratio (PLR)	<0.1%
Packet Transfer Delay (PTD)	Refer to www.portal.megaport.com . Note that the target does not apply between Megaports with a 5 minute average traffic load of more than 70% for either incoming or outgoing traffic.

PER, PLR and LSP are defined in ITU-T Recommendation Y. 1561 (05/2004).

Excused Downtime means the number of minutes in the Service Period that the LSP is unavailable due to:

- (a) Customer's acts or omissions or the acts or omissions of Customer's agents, contractors or anyone Customer is responsible for;
- (b) the acts or omissions of any third party (including the B-End owner) or a fault on a third party's network (including the B-End owner's network);
- (c) any failure, incompatibility or error in the configuration of the equipment or cabling (including any cross-connects) at the A-End or the B-End;
- (d) Megaport suspending the Service in accordance with the Agreement or the Acceptable Use Policy; or
- (e) an Intervening Event.

4. Service credits

If Megaport fails to meet the Service Availability Target in a Charging Period, then subject to the Service credit conditions set out in section 5 of this Service Schedule, Customer will be able to claim a Service credit calculated as:

$$\frac{\text{Downtime}}{\text{Charging Period}} \times \text{Recurring Charge}$$

Where:

Downtime is calculated per Charging Period as the total number of minutes in the Charging Period less (Uptime plus Excused Downtime); and

Recurring Charge means the recurring charge applicable to the applicable Charging Period.

5. Service credit conditions

The following conditions apply to Service credits:

- (a) Service credits apply from the first full Charging Period that the relevant Service is operational;
- (b) where a Service credit is available, the credit is Customer's only remedy in the event of Megaport's failure to meet the Service Availability Target;
- (c) Service credits are available to Customer, the A-End owner only;
- (d) Customer must apply for the Service credit by giving Megaport notice of its claim within thirty (30) calendar days of the end of the Charging Period to which the credit applies;
- (e) the Service credit can only be applied as a credit to Customer's Megaport account, and cannot be redeemed for cash;

- (f) the maximum Service credit available for each Service in a Charging Period will not exceed one-hundred per cent (100%) of the total recurring charges paid for that Charging Period for that Service; and
- (g) Service credits are not available if Customer has failed to pay charges for the Service when due and payable.
